1) BACKGROUND

1.1) COMPANY HISTORY

Rorota Quality Solutions is a registered 100% black owned and 60% black women owned engineering company in South Africa. The company was established in 2018 with the aim of helping clients with project planning and to ensure that the projects are executed with dignity and high quality standard in order to meet and exceed customer's expectation in terms of quality and delivery time.

Rorota Quality Solutions was established after realizing the need of quality improvement in the engineering fraternity. It was then planned that Rorota Quality Solutions must be registered in order to improve the quality of the engineering manufacturing processes and project management of the business in large.

2) STRATEGY AND VISION

2.1) Vision Statement

The company is very passionate about being the premier engineering, welding, and quality solutions provider in South Africa.

Passionate: The executive of this company are passionate about their quality and performance.

Empowering: We always empower our staff to be self-managed as much as possible; we get away with micromanaging our staff as they fully understand the vision and mission of the organization.

Client: To us it is all about meeting client's requirements and exceeding their expectations . We effectively provide our clients with clear and actionable recommendations that can improve their requirements.

2.2) Mission Statement

We strive to deliver turnkey quality from precise material procurement to final ISO-compliant documentation - minimizing downtime and ensuring zero-harm operations.

2.3) Values

- Excellent:** We excel on what we do.
- Pro-Active:** We ensure all necessary measures are considered before any job starts.
- Respect:** We value every person, tools and procesess that take part in the execution of the project.

2.4) Strategic Alignment with Industrial Drivers

Macro-Industrial Driver		Rorota's Intergrated Solution
Regulatory Compliance	→	Addressed via provision of ISO-aligned quality solutions, NDT, and strict adherence to technical mandates.
Operational Efficiency	→	Addressed via high-precision welding and structural engineering to drastically reduce maintenance downtime.
Transformation Targets	→	Addressed via 100% Black-Owned empowered status, facilitating immediate tier-one supplier entry for mining houses.
Technical Complexity	→	Addressed via advanced metallurgical expertise and certified deployment of specialized alloys.

3) Services

Head Office (Consultations)	Workshop (FAB & Installations)
ISO 9001 Consultations - Quality Management	Steel fabrication and erection
ISO 45001 Consultations - Safety Management	Steel pipe fabrication and installation
ISO 14001 Consultations - Environmental Management	Pressure vessels fabrication and installation
ISO 3834 Consultations - Welding Management	Civil works
Welding procedures and code welders (PQR, WPS & WQR)	Boiler maintenance
Engineering inspections, e.g. vendor, product and process inspections	Industrial cleaning
NDT Services, e.g. MPI, PT, UT, RT, Pressure testing	Tank fabrication and repair
Endoscope (Inspection of pipelines)	HDPE pipe supply and welding
Skills development testing	Refurbishment & Repair of Hydraulic Cylinders
Metallurgical failure investigations	

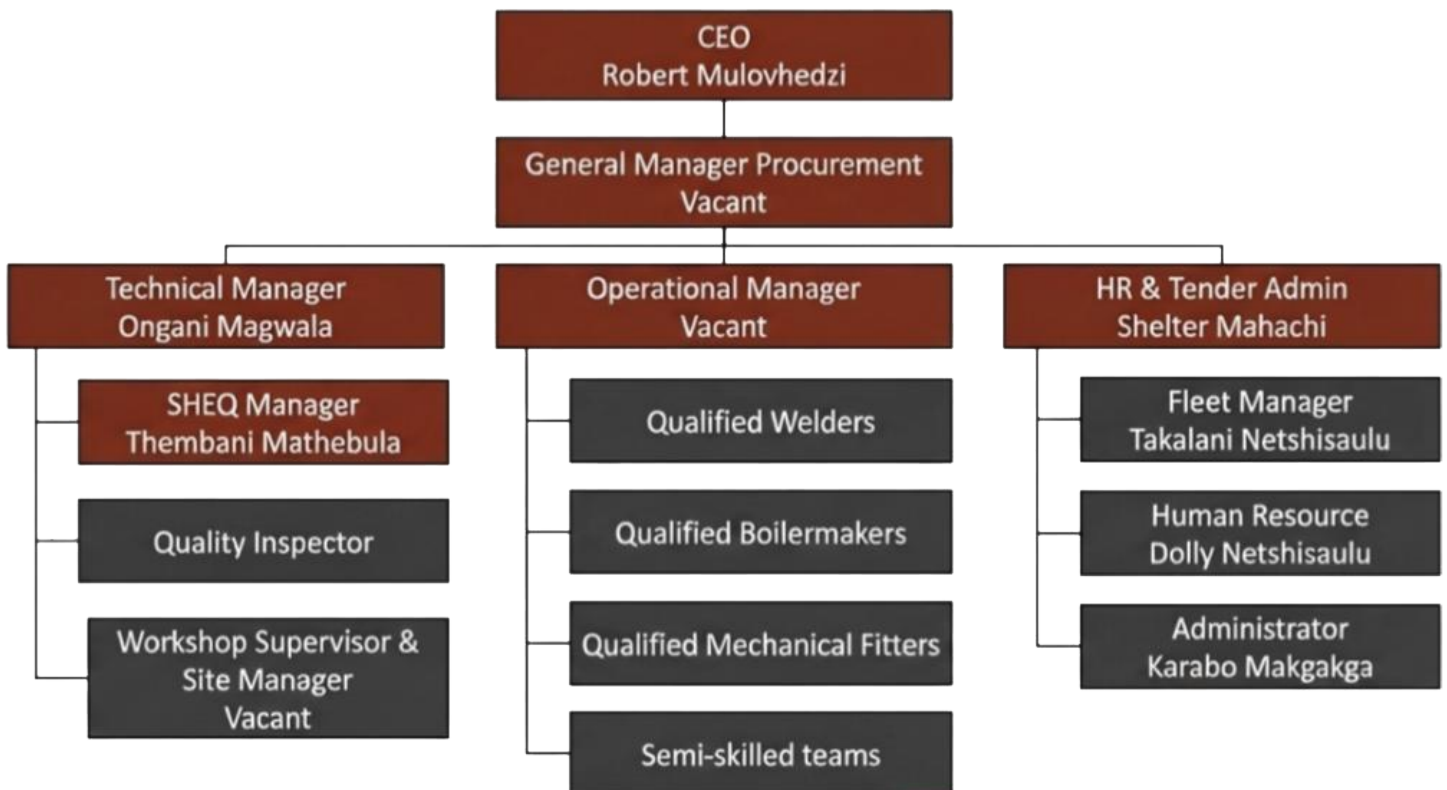

4) Our Personnel

To perform all the activities as outlined above, and to be a trustworthy engineering partner, Rorota Quality Solutions has the best team that consists of the following:

- **ECSA registered engineers**
- **Welding engineers**
- **Qualified inspectors (SAIW)**
- **NDT inspectors**
- **Qualified boiler makers, welders and fitters**
- **Qualified office administrators**

Corporate Organizational Blueprint

OUR CLIENTS LIST:

 Tampech Engineering	 Kenfore Engineering and Project Management
 Beyond Engineering Services	 Eagle Technik
 Public Bonds & Projects (Pty) Ltd	 Vanedi (Pty) Ltd
 GPWG Engineering	 Lekanka Mining Supply & Construction Reg No. 2007/200762/23 Lekanka Mining Construction and Supply
 Arc Contractors	 Superfecta Spartan Group
 Samancor (MFC)	 CSIR
FM Infrastructure	 Leloba bright
 Mogogudi Construction Projects	 Onsite Hydro and Pneumatic
 Heating Systems	 Mkhandisi Construction & Property Developers

Sukuma Engineering | Sigma Industries | Superfecta Spartan Group

Completed Projects: Structural

Rorota Workshop- Germiston

HDEP Fusion Welding- Modikwe

**Manthe Primary School
- Polokwane**

Matla-Exxaro Relocation Project

Workshop Site

Reavaya Station

**Steel Structure For Zithembile
- Witbank**

Hesto Harnes-Tazes- Pretoria

Refurbishment & Repair of Hydraulic Cylinders

Completed Projects: Pipes & Tanks

Mogalakwena Bulk 350NB Pipeline

Boroscopic Pipe Inspection(Rada)

Lethabo Water Analyser

HDPE Pipe

Completed Projects: Consulting

ISO 3834 Handover

ISO 3834-2 Handover

**Theoretical Welding Training at
Ndoukhulu Hydrolics**

**Addressing Eskom Engineers
about Quality Compliance**
